Mr. Wayne Arrowsmith  
Email: [kwa@nbnet.nb.ca](mailto:kwa@nbnet.nb.ca)

Dear Mr. Arrowsmith:

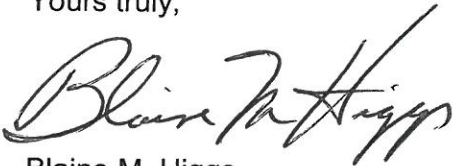

This is in response to your email of November 29, 2019 regarding bicycle safety.

Government is concerned with road safety of all users and we continue to promote public education and awareness like the "We're all traffic" media campaign. We have been focused on following through on our platform commitments which include a number of road safety and motor vehicle initiatives.

We are aware of your organization's desire for cycling safety amendments to the *Motor Vehicle Act* and although we will continue to promote shared use of our highways we are not currently considering making any further changes at this time.

Thank you for taking the time to share your concerns.

Yours truly,

Blaine M. Higgs
